

product Specification: vilmill™ black

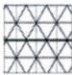

Fabric		Nonwoven
Color		White
Composition		PES/Cellulosics
Weight		115 g/m ²
Adhesion		EVA
Thickness		0,35 mm

Figures quoted are target values pending on measurement method and subject to normal variations in production.
The production location of the material is certified according to DIN EN ISO 9001:2000 and DIN EN ISO 14001:2005.
The material in the intended use is not hazardous and ecologically unobjectionable. It can be disposed under consideration of the local regulation (waste key number 04 02 22) or can be burned in appropriate combustion installations.

product Specification: **vilmill™ blue**

Fabric		Nonwoven
Color		White
Composition		PES/Cellulosics
Weight		105 g/m ²
Adhesion		Polyolefine
Thickness		0,45 mm

Figures quoted are target values pending on measurement method and subject to normal variations in production.

The production location of the material is certified according to DIN EN ISO 9001:2000 and DIN EN ISO 14001:2005.

The material in the intended use is not hazardous and ecologically unobjectionable. It can be disposed under consideration of the local regulation (waste key number 04 02 22) or can be burned in appropriate combustion installations.
